Supporting Standards—

Brief Summary of Lesson:

Students present their selected region with their geographical aspects.
They are given a lecture about the liaison history and region.

Activities:

While each student presents his region, others listen and ask questions.

Follows an interactive activity with comments.

Listening activities about the history of the regions

Make a matching exercise between habits of that region and neighbouring countries:
example, French Fries in the North of France is connected to Belgium and Nederland
Choucroute in Alsace connected to Germany

Pizza in South East connected to Italy.

Assignments:

Complete presentation adding new historical perspective using map of regions and history documentation
